JUNIOR FRONTEND DEVELOPER

SUMMARY

I have a creative mindset and a strong technical skill set, I am a talented Frontend Developer who excels in building captivating digital experiences. I have 3years experience working with HTML, CSS, JavaScript, and React. I also bring expertise in utilizing popular platforms such as Webflow and WordPress, along with design tools like Figma.

I have a Passionate about translating ideas into visually stunning and user-friendly interfaces, I have a proven track record of developing responsive websites that seamlessly integrate with back-end systems. Whether it's crafting pixel-perfect designs or optimizing website performance, I thrive on solving complex problems and delivering exceptional results.

My ability to collaborate effectively with cross-functional teams, including designers and back-end developers, allows me to create seamless user experiences that exceed expectations. With a strong attention to detail and a passion for staying up-to-date with the latest web technologies, I am committed to continuously enhancing my skills to provide cutting-edge solutions.

If you're looking for a creative and versatile Frontend Developer who can bring your vision to life, while leveraging the power of Webflow, WordPress, and Figma, I am confident in my ability to make a meaningful impact on your projects.

EDUCATION

BOWEN UNIVERSITY, IWO, Osun state-Bsc.
September 19, 2021 - Present

PROJECTS

Personal Portfolio

I built my Personal porfolio using HTML, CSS and Javascript. I added features like Dark theme nd other color themes. I deployed it on Vercel.
https://portfolio-website-eight-vert.vercel.app/
